Author: St. Louis District Missouri Court of Appeals

Realese Date: Expected @@expectedReleaseDate@@

This is an appeal by the defendant Medical West Building Corporation from a decree entered in two actions which were consolidated and tried as one in the Circuit Court. Both actions were brought by tenants of a building known as the Medical West Building, which was owned and operated by the corporate defendant. The actions related to the tenant lessees' right to free parking for themselves, their employees, patients or customers on the parking area adjoining the building. The petitions in both cases, one by amendment at the close of the trial, prayed for a modification of the various leases under which the tenants held occupancy of their respective offices or stores, so that the leases would state that the recited rental entitled each of them to free parking for himself, his employees, his customers, clients or patients. O. S. Rudman, who had acquired controlling stock in the defendant corporation, was permitted to join as an intervenor. The court decreed that all of the leases except one be reformed, and the only appeal is by the corporate defendant.
